## EDUCATION

**Samford University**, Birmingham, AL

Expected May 2027

*B.S. Computer Science, Cybersecurity Concentration; Minor in German*

GPA: 3.68/4.00

**Relevant Coursework:** Operating Systems, Database Design, Computer Architecture, Artificial Intelligence

## TECHNICAL SKILLS

**Languages:** Python, Java, TypeScript, JavaScript, C#, Go, Rust, Swift, SQL, C

**Frameworks:** Django, React, Next.js, React Native (Expo), .NET / Blazor, SwiftUI, Tauri

**Tools & Platforms:** PostgreSQL, SQLite, Supabase, Docker, Git, GitHub Actions, Cloudflare, Linux, Claude API

**Practices:** Agile / Scrum, automated testing, CI/CD, secure web development

## PROJECTS

**Parliament** – Chapter Management Platform

Dec 2025 – Present

*Python, Django, PostgreSQL, Docker*

- Designed, built, and maintain solo a web platform used by ~60 chapter members for legislation and voting, officer elections, attendance, service hours, and real-time chat
- Hardened it against real-world attacks with TOTP two-factor authentication, per-IP login rate limiting, field-level encryption, and honeypot routes that automatically ban scanners
- Shipped 550+ commits backed by ~3,000 automated tests and CI/CD; preparing a documented handoff to future chapter leadership

**Mobilized Food Trucks** – Scrum Master & Backend Developer

Sep 2025 – Present

*React Native, TypeScript, Supabase*

- Lead two-week Agile sprints for a student team building a mobile app that replaces Excel-based inventory tracking for Southern Baptist disaster-relief food trucks
- Design the backend and database, including a version-controlled Supabase schema with row-level security policies

**Church Buddy** – Gloo Hackathon 2026

Sep 2026 – Present

*TypeScript, Node.js, Playwright*

- Built the pipeline runner host for a team church-discovery crawler: one-command setup script, crawl CLI with per-run JSON-lines logs and outcome-based exit codes, and startup config validation (HTTPS-only endpoints, minimum key lengths)

**Job Tracker** – AI-Assisted Application Tracker

Sep 2026

*C#, .NET, Blazor, Claude API*

- Extracts job postings into structured records with LLM structured outputs and scores résumé fit 0–100; tested prompt-injection defenses and benchmarked models to ~2¢ per posting

**Also built:** native macOS media player (Swift, AVFoundation, libmpv); Sentinel uptime and security-header monitor (Go, GitHub Actions); Repo Radar desktop git dashboard (Rust, Tauri, React)

## EXPERIENCE

**Samford University Academic Success Center**, Birmingham, AL

Sep 2024 – Present

*Computer Science Tutor*

- Tutor students one-on-one and in groups in COSC 110 (Intro to Python) and COSC 210 (Intro to Java), plus 200- and 300-level courses; build study plans for exams and projects

**Jewish Community Center**, Dallas, TX & Birmingham, AL

Summers 2021 – 2025

*Head Lifeguard*

- Led shifts of 15–30 lifeguards in Dallas (~100 on staff) and 10–20 in Birmingham (~35 on staff); enforced safety procedures and health-code compliance

## LEADERSHIP & ACTIVITIES

**Beta Theta Pi, Alpha Mu Chapter**, Samford University

Sep 2023 – Present

*Executive Vice President*

Nov 2025 – Jan 2027

- Built Parliament, the chapter's management platform; previously Constitution & Bylaws Chair and Tabling Chair, and served on the Finance, Ritual, and Brotherhood committees

## CERTIFICATIONS & HONORS

**Certification:** ISC2 Certified in Cybersecurity (CC)

**Honors:** Dean's List (5 semesters), Davis Scholarship, Marian Scholarship, Eagle Scout

**Languages & Activities:** German (limited working proficiency); Samford German Club member since 2024
